## 3 people have recommended Mark

"Mark is an extremely focused and detailed oriented individual. His approach to delivering quality products in a timely manner is unsurpassed. As his manager, if I ever needed any task completed quickly, precisely and completely, I could assign it to Mark and be assured that he would exceed my expectations. I am fortunate to have worked with Mark as well as learn from him. Mark is a true craftsman of his trade."

— **Gary Burns**, *Director of Application Development, Mortgageramp, Inc.*, managed Mark at MortgageRamp

"We have had the pleasure of Mark working with us at Chatham for most of the last two years. Mark has been great to work with - he is highly talented and easily fit into the team here. He will be missed now that the contract is up. I have no hesitation in recommending him for future engagements and would be happy to provide a reference."

— **Patrick Millar**, was Mark's client

"Mark was my immediate supervisor and mentor at MortgageRamp. He took his responsibilities seriously and was committed to making our product a success. He always worked hard on his projects. Furthermore, he was also committed to helping the other developers around him, and he was constantly learning new technologies and skills. He was a strong asset at MortgageRamp and he challenged me to be a better developer myself. I would look forward to a time when I could work with Mark again."

— **Maurice Reeves**, *Senior Developer, MortgageRamp*, reported to Mark at MortgageRamp
